DEDICATION

The Class of 1977 takes pleasure in dedicating this second yearbook of Cape Cod Tech to a man who, in an effort to make our lives here richer and more rewarding, has given generously and unstintingly of himself - his concern, his understanding, his patience. Without the fair moderation of Bernie Holmes, some of us might not have "made it!"

Thank you, Mr. Holmes

Snow's

Serves You 'Round the Clock

Snow's sells things that serve your needs from the time you wake up until you go to bed—and while you are asleep, too. You can be awakened by a radio alarm from Snow's, have breakfast coffee from a GE percolator. During the day you might mow the grass with a power mower from Snow's, do a wash in a Whirlpool washer and dryer, use a Black and Decker power tool—or just relax at the ocean on a beach chair from Snow's many grills, read by a lamp from the housewares department, play a game with one of the many Snow's large toy and game department, or listen to your favorite record on a stereo system. And all night you can sleep in comfort with the help of a window air conditioner. Just one example of how Snow's serves you around the clock.
